

## REQUEST FOR INBRE CORE ACCESS AWARD

*Please fill in all information and email completed application to the Delaware INBRE Admin office at [info@de-inbre.org](mailto:info@de-inbre.org). Incomplete application will not be reviewed.*

**Please note: The Core Center Access Award, supported by NIGMS P20GM103446, is available to assist biomedical research investigators to provide funding for core facility usage on key experiments that will lead to grants and publications. This includes:**

- small pilot studies
- obtaining preliminary data for grant applications
- testing proof of concept; or
- providing additional data for publication

**Funds must be used within six months of award date and may not exceed \$4,000.**

An investigator can only receive one CCAA or Multi-CCAA per funding cycle (May 1st start date). A full budget must be provided in the application and costs exceeding \$4,000 must be co-funded by the applicant's institution. Applications will be reviewed on the 1st and 15th of each month, and awardees will be notified by Delaware INBRE staff upon completion of leadership review.
